

IF . . .

- Your business has been flat or down in 2 of the last three years.
- Your business hasn't made enough money lately to pay you a salary.
- You feel frustrated because you keep spending money on advertising and feel the return is not what it should be (if there is any return at all).
- You're losing customers to the big box stores or to on-line stores.
- You're losing customers and business to everyday competitors, and you are sick and tired of it.
- You feel tired and overwhelmed when you think about how you are going to market your business.
- Your website looks like cyber garbage.
- You think you should get a website but you really don't have any idea where to begin.
- You're dying for fresh ideas.
- ALL OF THE ABOVE . . .

If ANY of these statements applies to you, you need CHANGE!
